Dear Joanne,

Help Children with Autism in Jamaica!

Autism Movement Therapy, Inc. is a nonprofit organization serving autism research, environmental reform and community outreach.

"Here in Jamaica, the autistic individual is more likely to be treated as a 'mad person,' persecuted and ostracized."

*- Maia Chung, Founder
 Autism & Disabilities Foundation
 Kingston, Jamaica*

Sadly, this happens more often than you know.

The families and community of Kingston, Jamaica urgently need our help for a Town Hall meeting and an "educational parent workshop." Your support of \$5, \$15, \$25 or more by September 30th will help make the Jamaica/Autism Movement Therapy collaboration a reality!

But we can't do it without your support. Won't you please help us provide educational resources to impoverished families and their children living with autism so that they can find acceptance, inclusion and respect in their community?

We thank you in advance for your gift & hope you will make Autism Movement Therapy, Inc. one of your causes. To speak with us directly with any questions or concerns or to learn more about our work, please go to www.autismmovementtherapy.com today.

Sincerely,

Joanne Lara, MA
 Autism Movement Therapy, Inc.

Maia Chung-Smith & son Quinn

Joanne Lara, founder and president of Autism Movement Therapy, Inc., a nonprofit **servicing Autism Research & environmental reform foundations**, is an **autism education expert**, and an **adjunct special education faculty member** at **National University**, with a masters in **Special Education** and a **B.A. in dance**.

Joanne knows all too well childhood feelings of being an **outcast and alone**. Indeed, her early challenges of foster care in rural Georgia and eventual triumphs have given her a **particular affinity** for the challenges that children with autism and their families face every day. It's a strength she clearly draws upon, and imparts with **vigor and purpose** to her clients.

Ms Lara has written extensively about **Environmental Toxins and Autism** and presents lectures and workshops throughout the US.

Autism Movement Therapy and the **aut-erobics DVD** were created by Joanne Lara to bring music and movement therapy to individuals with autism.
